

R410a Safety & Training Course

June 20, 2019
10:00 a.m. to 2 p.m.

Universal R-410A Safety & Training covers the necessary training and practical knowledge to safely service systems containing R-410A & R-407C, the R-22 phase-out, appropriate refrigerant & oil applications, service techniques, and safe handling of R-410A.

Students will receive the full ESCO Training Manual that details the concepts covered in the session as a valuable reference guide.

Instructor: Bill Sammons, CMS, Quality HVAC/R Training

In 1998 Bill formed his own training company to help technicians in the field get the educational help they needed that was not available from manufacturers. Currently Secretary of the Buckeye State Association of RSES, Bill also received the V.V. Soloman Educator/Teacher of the Year in 2001, the Walter B. Stopera CM Speaker of the Year in 2003. Bill has been a member of the Educating and Examining Board since 2004, and was elected to the Board of Directors of RSES for Region 6 covering Ohio, Kentucky, Indiana, and West Virginia.
